

Mask Wearing

As of Tuesday 1st August, the Practice will no longer require staff or patients to wear masks unless unwell with cough/cold/throat symptoms. If staff or patients prefer to wear a mask for their own safety and peace of mind, we support this decision.

This policy coincides with the removal of government funding for most PPE, and the mandatory requirements being relaxed for mask wearing.

Patients who attend the Practice with respiratory symptoms will still be asked to wear a mask to limit risk for both staff and other patients.
