

Phone Nurse List and Urgent Clinic Appointments

In order to manage our staffing levels, we are changing the way we utilise our nurses and Urgent Clinic appointments.

When you phone for an urgent appointment, you may be advised to use an Afterhours or Virtual service if we cannot accommodate an appointment for you on the same day.

Any routine calls will only be responded to in the afternoon if we have capacity. For free clinical advice Healthline is available on 0800 611 116. Plunket Line is available on 0800 933 922.

If you do attend an urgent appointment in clinic and are seen by a nurse, charges may apply for this service
