

## Flu season 2024

The Doctors Silverstream will be offering Influenza vaccines from the 2<sup>nd</sup> April 2024. This year the clinics will be run from our second Waiting Room area.

We will be sending Flu invites out via text message in batches every business day from Monday 26<sup>th</sup> March. Patients that do not have a cell phone will be contacted via phone where possible.

We are inviting patients in batches to manage our supply of vaccines against our appointment availability and staff resource.

At your appointment time, you will need to make your way to the second Waiting Room at the back of the practice building.

We encourage you to bring another person with you to your appointment as this may mean a shorter wait time for you post vaccination, ideally to wait in a car outside if you have driven here.

Reminder to please be on time for your appointment as the clinics will be very busy.

PLEASE NOTE we are unable to accept vouchers for GXH Unichem or Life Pharmacy, you will need to redeem these at your local pharmacy.

Please see the link below for information on people who are eligible for a funded flu vaccine
